**MEMO TO: OCB/A: Irv Rubenstein**

**FROM: OCB/RNB: Clara Dominguez, Chief, Radio News Branch**

**RE: Technical Review and Recommended Contractor**

The Office of Cuba Broadcasting/Radio News Branch has a requirement for a contractor to provide services as such as found in Part IV, paragraph B.#.a.3 of the IBB Contracting and Talent and Other Professional Services Handbook. Radio News is looking for a vendor from Europe to participate in a daily news analysis program called Las Noticias Como Son. The program format calls for experts to discuss the most important events in Cuba as well as US and international news. Thus we need a wide spectrum of experts located in different parts of the world to add breath to the analysis and commentary. Participation would entail one assignment per week.

The individual we are looking for such have ample experience and knowledge on Cuban and international affairs. Out of the few choices we have from the talent pool provided by the Office of Administration we find that Mr. Raul Rivero is the best option for this requirement. Mr. Rivero is at present a journalist for the leading Spanish newspaper El Mundo and also participates in a weekly television program in Spain on international news events. Mr. Rivero was one of the leaders of the independent journalist movement in Cuba, organizing one of the most successful independent news agencies in Cuba prior to his arrest in 2003. His work as leader of the independent news media in the island granted him a number of prestigious awards including the Guillermo Cano Award given each year by the United Nations Organization for Education, Science and Culture, the Maria Moors Cabot Award granted each year by the Colombia University School of Journalism and the Award for Valor given by Reporters Without Borders. His insight into Cuba and knowledge of Cuban affairs make him an outstanding contributor to our programming.

We also looked at Mr. Manuel Vazquez Portal and Mr. Miguel Saludes but did not find that they have the same qualifications as Mr. Rivero as such a prominent figure as an intellectual, award winner and leader of independent journalism in Cuba.

We did not find that the employees being separated could do this job.

This is not to be construed or interpreted to establish any degree of Government control that is inconsistent with a non-personal services contract.

(i) Payments by the Government under this contract are not subject to Federal income tax withholdings.

The notice should include the date, nature and circumstance of the conduct, the name, function and activity of each Government employee or Contractor official or employee involved or knowledgeable about such conduct, identify any documents or substance of any oral communication involved in

the conduct, and the estimate in time by which the Government must respond to this notice to minimize cost, delay or disruption of performance.

- (4) Job Competency. Acceptance of a Delivery or Task Order serves as the Contractor's confirmation that they are fully qualified to perform the work. Failure to possess the

requisite skills (e.g., inadequate proficiency in the language or culture) may be deemed as evidence of misrepresentation and grounds for immediate Termination for Default as noted previously.

- (5) Accurate Invoicing. The Contractor shall submit invoices that properly reflect the work performed. Submittal of an invoice that does not accurately reflect or otherwise misrepresents the work performed may be considered fraud subjecting the Contractor to immediate "Termination for Cause."

**MEMO TO:** OCB/A: Irv Rubenstein

**FROM:** OCB/RNB: Clara Dominguez, Chief, Radio News Branch 

**RE:** Technical Review and Recommended Contractor

The Office of Cuba Broadcasting/Radio News Branch has a requirement for a contractor to provide services as such as found in Part IV, paragraph B.#.a.3 of the IBB Contracting and Talent and Other Professional Services Handbook. Radio News is looking for a vendor from Europe to participate in a daily news analysis program called Las Noticias Como Son. The program format calls for experts to discuss the most important events in Cuba as well as US and international news. Thus we need a wide spectrum of experts located in different parts of the world to add breath to the analysis and commentary. Participation would entail one assignment per week.

The individual we are looking for such have ample experience and knowledge on Cuban and international affairs. Out of the few choices we have from the talent pool provided by the Office of Administration we find that Mr. Raul Rivero is the best option for this requirement. Mr. Rivero is at present a journalist for the leading Spanish newspaper El Mundo and also participates in a weekly television program in Spain on international news events. Mr. Rivero was one of the leaders of the independent journalist movement in Cuba, organizing one of the most successful independent news agencies in Cuba prior to his arrest in 2003. His work as leader of the independent news media in the island granted him a number of prestigious awards including the Guillermo Cano Award given each year by the United Nations Organization for Education, Science and Culture, the Maria Moors Cabot Award granted each year by the Colombia University School of Journalism and the Award for Valor given by Reporters Without Borders. His insight into Cuba and knowledge of Cuban affairs make him an outstanding contributor to our programming.

We also looked at Mr. Manuel Vazquez Portal and Mr. Miguel Saludes but did not find that they have the same qualifications as Mr. Rivero as such a prominent figure as an intellectual, award winner and leader of independent journalism in Cuba.
